CAP has **rental assistance programs** through HUD and the State, along with family shelter buildings like **Hopes Portage, 44 units in Dakota and Scott counties**, and manages an apartment complex for **18-29 year olds facing homelessness** called **West Creek**.

CAP is 1 of 3 **Coordinated Entry Services (CES) Access Points** for people experiencing homelessness in the Scott and Carver counties. We fill gaps in available services through **transitional** and **permanent housing** services.

8,053 households with **20,254 individuals** aided through **Energy Assistance** programs, encompassing **Emergency Utility Payments (LIHEAP)**.

A NOTE FROM OUR EXECUTIVE DIRECTOR

As we reflect on 2025, I am proud of the impact Scott Carver Dakota CAP Agency (CAP) made across our communities. Every statistic in this report represents a neighbor, family, child, or senior who received support during a challenging time.

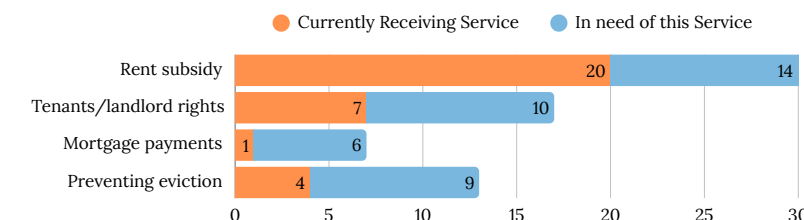

This year, CAP served more than 32,000 unduplicated individuals and 12,000 unduplicated households throughout Scott, Carver, and Dakota counties. Together with our staff, volunteers, donors, and community partners, we provided food, housing support, energy assistance, senior services, and early childhood education to those who needed it most.

Our recent Community Needs Assessment confirms that housing affordability, food insecurity, energy costs, and services for seniors remain critical challenges in our region. These findings are helping guide our work as we implement our 2026-2028 Strategic Plan, with a continued focus on Housing Stability, Food Security, and Education. None of this work would be possible without the support of our community. Thank you for your partnership, generosity, and commitment to helping our neighbors achieve greater stability and well-being. Together, we are building stronger, healthier, and more connected communities.
